ATTUNING TO THE SYMBOLIC LIFE OF PLASTICS ACROSS CHILDHOODS IN CUENCA, ECUADOR, 'PLASTIC CHILDHOODS' ILLUMINATES A PEDAGOGICAL ATTENTION TO PLASTICS AS A MATERIAL MANIFESTATION OF NEOLIBERAL SUBJECTIVITY. HIGHLIGHTING THE VIBRANT AGENCIES OF PLASTICS BEFORE-DURING-AND AFTER HUMAN USE, THIS EXHIBIT AIMS TO NOTICE THE INTIMACY OF OUR RELATIONS AND CO-FORMATIONS WITH/IN PLASTIC ECOLOGIES, KEEPING PLASTICS 'IN SIGHT AND IN MIND'.
